REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 19-30 are allowable over the prior art of record because the prior art of record does not teach the claimed subject matter including sputtering to form a magnetic layer of NiFeCo-O-N or NiFeCo-N and hard axis annealing the magnetic layer in the presence of a magnetic field perpendicular to a major plane of the magnetic layer until the magnetic layer has an H_k from 2.6 Oe to 6.0 Oe and in-plane anisotropy.

Claims 32-40 are allowable over the prior art of record because the prior art of record does not teach the subject matter including sputter depositing a seed layer of NiFeCo-O-N with a second process gas that has a higher N₂O content than the first process gas.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
